

TIMBERLEA PUBLIC SCHOOL

SPOOKY SEASON

To begin, we would like to acknowledge our CUPE 2545 members that work at Timberlea Public School. Our hard working office admin, educational assistants, custodial, maintenance and tech departments make up the Educational Support workers that are at the heart of our school.

Next, thank you to our families of ECDP students and those who require additional supports. We are grateful for the relationships we have built with all #Timberwolves and for your patience and understanding of our operational needs.

We now look forward now to the Halloween season that is upon us. Our staff, School Council and Timberlea School Parent Association will be working to organize the second annual Halloween Family Dance taking place on October 30, 2024. We hope to see all of our families there rocking out to DJ Q-Pid!
