

TIMBERLEA
PUBLIC SCHOOL

ACTIVE CITIZENSHIP

Giving back is a regular lesson we share with our Timberwolves. Our MicroSociety Bankers began an initiative to raise donations through a spirit week for the Breakfast Program as part of a "MicroSociety Heart" campaign. Wow! We were so impressed with the sheer numbers of donations! Thank you to all for your support!

I am so proud of our school community at Timberlea, having passed all expectations for generosity for starting our Breakfast Program. We are so grateful to already see the success of week one of our Bankers providing nutritious breakfast for all.

Did you know? Studies suggest that not having breakfast affects your mental performance, including your attention, ability to concentrate and memory.
