KINDNESS CHALLENGE

The Challenge is on!!

Prioritizing kindness helps children see the impact of the words they use and actions they take on the dynamics of the classroom.

Furthermore, children who learn to treat others with respect and generosity in their classroom community can carry these values outside the classroom and throughout their lives.

For this month, I've challenged students to be kind with their words and actions! **You can help by asking your child - what did you do today that was kind?**
